Dear parents

In these trying times, we are ensuring that the learning of your children goes on.

The children have been given a pack with some learning material that they can use at home. It has some Maths textbooks that they can work through, a book to write about their experiences or their learning. A few reading books.

They also have access to many free websites to keep up with their learning.

The children have access to a study ladder: <https://www.studyladder.co.nz/> and have their own passwords to log in.

They also have access to sunshine online: <https://www.sunshineonline.co.nz/>

Mrs. Pillay
