Dorothy Lolo Sitoveni	La'Trelle Nikau	Roselyn Sika	
Edward Eteuati Fepulea'i	Lameko Tapuai	Ruvarashe Mawarire	

## MANAKIDZ - MEASLES

We have recently been notified that Measles has been identified in Auckland. It is also in Tauranga and Hamilton.

- Measles mostly affects unimmunised or partially immunised, infants, children and adults.
- Measles is highly infectious through coughing and sneezing and if you catch it you need to isolate.
- Measles is a very serious disease with potentially long-term complications, and even death.
- The best measles prevention is two doses of the Measles, Mumps and Rubella (MMR) vaccine which is **FREE** for all.
- If you know your child has not had 2 doses of MMR – please arrange with your GP to have them vaccinated as soon as possible. If you are unsure, you can contact me to check for you. Nurse Lisa Hohneck 022 618 7810 (Mana Kidz).

## UPDATING CAREGIVER DETAILS

A friendly reminder that if you have a new mobile number or have moved address, please contact the school office and update your details. This goes for your child's emergency contacts as well.

It is really important that we have up-to-date contact details should we need to contact you regarding your child or for an emergency.
